Re: Request for Permission to Fly to Kuala Lumpur for Registration Of Marriage

Thank you for accepting my letter. I'm Komathi, deployed medical officer from Medical department would like to request to go back to West Malaysia on 22nd March 2021 for ROM preparation and attending my brother's marriage on 24th March 2021.

2. I understand our COVID pandemic issue that we are facing and the SOP of travelling back. However, I've been postponing this occasion since last year October 2020 when I planned to do during Deepavali. But unable to travel due to COVID thus have been stay put since then
3. As it has been delayed for 6 months, I would kindly ask for consideration in allowing me to go back to prepare for my ROM. This is because, I have to attend it in person with my fiancé to settle the documentation and further plans for wedding.
4. Other than that, my family has decided to proceed with my younger brother's ROM at the same time as they understand that I'm having difficulty in travelling frequently. Thus, I really hope that Dr will really consider my situation.

Thank you very much.

Sincerely,
